

Air-operated presses with utility bucks, with or without boiler, vacuum unit and compressor

Stirmatic automatic presses are easily operated thanks to their pneumatic systems.

They feature new higher power pressing, fully adjustable, and a variety of bucks for specialist applications.

The wide opening bucks, facilitate both the pressing operation and the use of the steam iron.

Operation of the press head may be controlled by pedals (**AP version**), in order to leave the operator's hands free. In this case, to ensure operator safety,

a safe-hands protection frame is fitted to the press head. Alternatively, the head of the press may be controlled by two buttons (**AB version**), which have to be pushed simultaneously. The presses are available either completely self contained with built-in electric and automatic steam boiler, vacuum and compressor unit as required, or for central supplies operation.

AB version

-Lowering of the press head controlled by two push buttons

AP version

- Lowering of the press head controlled by one pedal, complete with safety frame

Technical Specifications	SELF CONTAINED	CENTRAL SUPPLY
Voltage	230/400V./3/50-60 Hz.	--
Steam inlet	--	1/2"
Condense outlet	--	1/2"
Water feeding	Ø 12mm	--
Boiler drain	1/2"	--
Air inlet	--	Ø 3/8"
Central vacuum connect.	--	Ø 90 mm
Vacuum outlet	Ø 120mm	--
Steam working pressure	4 ÷ 5 bar	4 ÷ 5 bar
Air working pressure	6 ÷ 7 bar	6 ÷ 7 bar
Air consumption	--	40 L./min.
Steam consumption	--	12 ÷ 20 Kg./h
Pump motor	0,75 HP	--
Vacuum motor	0,60 HP	--
Compressor motor	2,00 HP	--
Boiler heater	10-12-15-18 Kw	--
Overall dimensions	1370x1080x1250 mm	1370x1080x1250 mm
Net weight	350 Kg	280 Kg.
Gross weight (crate)	410 Kg	340 Kg.
Gross weight (box)	510 Kg	440 Kg.
Packing dimensions	1470x1240x1490 mm	1470x1240x1490 mm
Volume	2,71 m3	2,71 m3

Options

- Upper antishine teflon plate
- Complete steam iron assembly
- Swinging arm with suction and spotting shape
- Steam-air spotting gun
- Built-in vacuum unit
- Built-in steam boiler
- Automatic working cycle pre set by timers
- Blowing device
- Built-in compressor unit
- Additional vacuum pedal
