

TME ACTIVECORE™

Glass Door Chiller

Display / Storage Top Mount - Limited options

A new glass door chiller combining SKOPE's revolutionary new ActiveCore technology with a modern frameless aesthetic design. These models provide market leading energy savings along with new features to deliver optimal performance, efficiency and reliability.

Options

- Available in 1, 2 and 3 door models
- Additional shelves
- Illuminated sign panel

Sign panel options for branding opportunities

Revolutionary removable ActiveCore refrigeration system

Fitted with lock tabs for extra security

Significantly reduced noise and improved quality, for a quieter operation

A frameless glass door design with aluminium trim

A patented easy to install shelf clip and numbered shelf support strip, significantly reduces shelf set up time and enables finer adjustments

SIGNIFICANT ENERGY SAVINGS

Uses 55% less energy than the previous TME1000-H model, saving \$616 per year**

Updated controller with manual light switch and pre-programmed features

Premium energy efficient glass using new low-emissivity coating technology, equivalent to double Low-E performance. An invisible finish ensures maximum visual clarity**

New slotted back panel design allows chilled airflow to be pushed directly on the product

Ergonomically designed, brushed stainless steel door handles

Optimal airflow and cooling performance reduces temperature variations and energy consumption

Available in white only

Easy to remove ActiveCore Cartridge System inside

Warranty
2 year protection

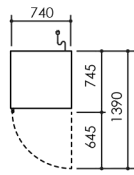

High Energy Efficiency

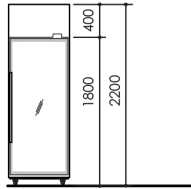

ActiveCore™
