ES25 & ES32

Pass-Through Recirculating Dishwashers

500 x 500 Racks

Economical & Efficient Performance:

The Eswood ES25 and ES32 pass-through dishwashing machines provide excellent performance of up to 540 and 700 pieces per hour. These models will wash all types of crockery, cutlery and glassware and accept standard 500 x 500mm racks. A generous opening height of 340mm caters for bulky kitchen utensils.

Ergonomically Designed:

Bench height pass-through operation eliminates the need for operators to bend over during loading and unloading, ensuring greater efficiency, safety and convenience.

In-line or Corner Feed:

ES25 and ES32 machines can be installed for in-line or corner feed, making the most of your space and working preferences. Loaded racks slide easily from an adjacent feeder bench into the wash chamber and out again after washing.

- ⚡ Electrical Connection.

Options

Insulated hood: Reduces noise & saves energy.

ES32G: Pass-through glass washer, uses 500 x 500 racks for large throughput requirements.

Fully Automatic Operation:

Just slide the loaded rack in, cycle starts automatically when the hood is closed and stops automatically if hood is opened at any time.

Powerful Wash System:

Powerful wash and rinse action from high volume pump and upper and lower spray arms. Independent wash and rinse systems ensure high wash quality and hygiene.

Built-in Water Booster Heaters:

Booster heaters with low water safety cut out and thermostatic control ensure correct water temperature and level is maintained for safe hygiene and continuous use. Wash and rinse tanks have convenient automatic fill.

Quality Stainless Steel Construction:

Manufactured to Eswood's high quality standards from stainless steel, non-ferrous and durable synthetic materials for reliable operation. Filter and spray arms easily removable for cleaning. All Eswood's products are fully guaranteed and backed by our national support network.

MODEL: ES25 Specifications:

Dimensions (WxDxH):	600 x 600 x 1375 mm
Height with door open:	1750 mm
Rack Size (WxD):	500 x 500 mm
Weight:	103 kg
Electric Connection:	15A Single Phase - 240V
Rating:	3.5 kW
Water Supply:	70°C / 2-4 bar (28-56 psi)
Packed:	0.5 m ³
Meal Service:	30 - 60 pax (25 racks/hr)
Wash Cycle:	120 sec
Water Consumption:	3.5L cycle
Tank Capacity:	30L

Includes:

1 x plate rack, 1 x cup rack, 1 x cutlery container

MODEL: ES32 Specifications:

Dimensions (WxDxH):	600 x 600 x 1375 mm
Height with door open:	1750 mm
Rack Size - NK (WxD):	500 x 500 mm
Weight:	103 kg
Electric Connection:	3 Phase - 415V + N
Rating:	9.5 kW
Water Supply:	60°C / 1-4 bar (15-56 psi)
Packed:	0.5 m ³
Meal Service:	60 - 130 pax (32 rack/hr)
Wash Cycle:	85 sec
	115 sec
Water Consumption:	3.5L cycle
Tank Capacity:	30L
