

# FABRIC CONDITIONER

## DESCRIPTION

Fabric conditioner is concentrated product designed to combine the benefits of sour and fabric softener in one.

## BENEFITS

- ✓ Highly concentrated formula
- ✓ Contains biodegradable detergents, water softener, optical brightener and a fabric softening agent
- ✓ Fresh waterlily fragrance
- ✓ Anti-microbial agents to assist with infection control in the laundry
- ✓ Aids in the bulking of fabrics and reducing static during and after drying
- ✓ Non-dangerous goods
- ✓ Automatically feeds directly to the washing machine at accurate dosage
- ✓ Lightweight packaging with minimal bottle change overs
- ✓ Wash discharge is always within water authority limits and safe for septic systems

## APPLICATION

For use in commercial laundries through with the Total Clean Laundry System.

## DIRECTIONS FOR USE

Use in conjunction with Total Cleans other laundry products such as Oxygen Bleach, Detergent, Booster for best results. Dispense using the automatic chemical feed. This automatically feeds Fabric Conditioner directly to the washing machine at accurate dosage.

To change bottles, unscrew the pickup connector from the empty bottle, remove the cap from the new bottle and screw on pickup connector.

## TECHNICAL INFO

Fragrance	Colour	Form	pH Level
