

# LAUNDRY BOOSTER

## DESCRIPTION

Laundry Booster is an alkaline builder designed to raise the efficiency of Laundry Detergent in heavily soiled washes.

## BENEFITS

- ✓ Highly concentrated alkaline builder effective in all water conditions
- ✓ Non-dangerous goods
- ✓ Prepares fabric for the washing process by raising the pH of the wash water, allowing individual fibres to spread and release entrapped soil particles
- ✓ Boosts detergent performance
- ✓ Automatically feeds directly to the washing machine at accurate dosage
- ✓ Lightweight packaging with minimal bottle changes over
- ✓ Wash discharge is always within water authority limits and safe for septic systems

## APPLICATION

For use in commercial laundries through with the Total Clean Laundry System.

## DIRECTIONS FOR USE

Use in conjunction with Total Cleans other laundry products such as Oxygen Bleach, Detergent, Fabric Conditioner for best results. Dispense using the automatic chemical feed. This automatically feeds Booster directly to the washing machine at accurate dosage.

To change bottles, unscrew the pickup connector from the empty bottle, remove the cap from the new bottle and screw on pickup connector.

\*Test passed at a rate of 5mL/L, with 8 minutes contact time, at 25°C, under clean conditions (i.e. after wash).

## TECHNICAL INFO

Fragrance	Colour	Form	pH Level
N/A	Red	Liquid	13

## AVAILABLE IN

- 5L Containers
- 15L Drums
