The Quiet One®

On-Counter Model: VM50031, In-Counter Model: VM51024

The ultimate blender with unparallel sound reduction, exceptional beverage blends and improved speed of service.

Features

- Up to 4 times quieter than the competition due to innovative vibration dampening technology creates Vitamix quality drinks in a more enjoyable customer atmosphere.
- Magnetically secured floating sound enclosure is dramatically easier to clean and disassemble. No screws to damage the enclosure. No parts to lose.
- Variable speed control and automatic shut-off provide flexibility in creating endless recipes. The 6 program buttons with 34 optimized programs in memory provide operators with easy, consistent drinks every time. Custom blending programs can easily be created for signature drinks.
- Advance® container reduces blend and pour time, and has a longer blade life resulting in time and cost savings with improved customer experience.
- Designed for high performance and durability. Air management and powerful ~3 peak output HP motor reduces noise, improves reliability and reduces down time.
